HOMEWORK 2

- a. **(THIS ACTIVITY IS NOT IN YOUR BOOKS). Read the following text and choose the correct form of the comparatives.**

Every year there is a big garage sale in my town. People bring different objects they don't use anymore, like toys, clothes, games, books and even furniture!

I like to buy books because they are cheaper / bigger than books in the stores. In the bookshops, books costs more than \$50! In the garage sale, I can buy them from \$4.

Also, I buy toys for my younger siblings. I have got one brother and one sister. My brother always chooses model kits. He chooses train model kits. They are bigger/ smaller than the city model kits. My sister likes to play with dolls, so we usually buy soft toys. They are softer / harder than skateboards. Mum doesn't like skateboards because she says that skateboards are smaller/ safer than soft toys.

When we finish buying, we always eat a hamburger because it is worse/ better than a hot-dog. We love hamburgers!
