READING AND WRITING

**1. Read and answer the questions.**

My name's Jack and I want to write about my mum because she's a very interesting woman. Her name is Kate. She's a writer but he's also a chef. She usually works six days a week. She always gets up at half past four because she starts work at 6.00am. They give her a big bag with about 500 dollars in it. She buys food at the supermarket and she prepares delicious meal every day. She finishes work at two o'clock and has lunch at half past two. After that, she often runs five kilometres. I think she's crazy, but he thinks it can help her to write her books.

In the evening, she usually writes a lot and goes to bed late, at about 11 o'clock. So after lunch she sometimes goes to bed for an hour.

She likes her job because it's a lot of fun and she can think about her books, but she doesn't like the dirty streets.

I can't understand why she likes her job. I don't want to get up at 4.30am!

- a- Is Kate a doctor?
- b- What time does Kate start work?
- c- What does Kate do at work?

**2. Read and say if it's True or False.**

- 1 Kate is a boring woman.
- 2 She gets up at 4:30.
- 3 After lunch, she runs about five kilometres.
- 4 Kate hates her job. False

**3. Jack wants to know about YOU. Write a description including: name, age, nationality, home town, likes and routine (five verbs with frequency adverbs and time expressions).**
